## Post Office Has Limited Amount of Commemorative

A limited supply of the 1971 Commemorative Stamp Folders are still available at the Heber City Post Office. Postmaster Bert Dayton advised that this Mini-Album was the first of its kind to be distributed nationwide through post offices.

The Commemorative Stamp Folders contain all Commemorative Stamps issued in 1971, including the two Christmas Stamps issued on November 10, 1971. These Mini-Albums contain 24 Commemorative Stamps

with a description of each stamp inside the folder. They are designed to encourage stamp collection among young people and sell for \$2.50.

Postmaster Dayton stated that these attractive folders make it possible for young adults and collectors to purchase a full year's issue of Commemorative Stamps at one time.

"This folder is an easy way for a youngster or anyone to start a stamp collection," Postmaster Dayton said. He urged residents desiring these folders to obtain them as soon as possible as the supply is limited.

Mr. and Mrs. Dan Baird of Logan spent the weekend here with his parents, Mr. and Mrs. George Baird.
